TIN A YAHOO

Dave and Trina Hickey rugged up for a cruise around the lake

Tinaroo was cold but the motley crew had a lot of fun. No fish were caught in the lake but club member, Ian Walters caught a nice feed out in the channel.

JUNE FISHING COMP

*From left to right: Dave Hickey, Jeff Snell,
Terry Duncan, Clive Oellermann and Bob*

As the night progressed some interesting characters come out of the woodwork!

Members please note there will be no fishing competition during the month of July.

MEMBERSHIP FEES

From 1st July 2018 our annual fees will be as follows:

- Single senior membership \$30
- Family membership \$45

Because we are transitioning from a financial year to a calendar year the amount due from 1st July 2018 to 31st December 2018 will be a pro rata amount as follows:

- Single senior membership \$15
- Family membership \$22.50

Please note that we are still subsidising our members fees to the Australian National

Sportfishing Association (ANSA) which provides our members with liability insurance while they are out on the water. We will forward a reminder email together with membership renewal forms very shortly. Membership forms can also be downloaded from our website. We are also going to be implementing changes to the conditions of membership. New members will be required to provide help throughout the year either at specified events or for working bees on a rostered basis. The club is run by volunteers and every hand on deck counts towards our club being ordinary or sensational. Thank you for your continued membership and support of the CSC.

GRUNTER HUNTER COMPETITION — WINNERS

Dave Hickey with his winning fish

Dave Hickey with his prizes

Chris Stoter, 2nd place

Anglers ventured out in the rainy conditions to enter the monthly fishing competition, 22 - 24 June. The Grunter Hunter Competition saw some nice fish being caught with new club junior anglers Jesse, Rebecca and Ella Lawrence, from

Tully also weighing in with whiting and a 44cm spotted cod. The winner of the competition was Dave Hickey, who caught a 63cm Grunter, followed by Chris Stoter with his fish measuring in at 57cm

ANSA Code of Ethics

- Obey and respect the local regulations and conventions that govern fishing in your chosen area.
- Purposefully conduct yourself in a manner such as to minimise any negative impacts on the environment. Being mindful of anchoring and speed restrictions is as important as preventing littering, pollution and habitat destruction.
- The fish's environment should be protected as well as the fish. Do not indulge in littering, in particular with discarded tackle. Disposal of offal and unwanted bait should be undertaken in a manner that is both environmentally sound and publicly acceptable.
- Respect the rights and interests of others especially other anglers and commercial fishers who are legally participating in the fishery.
- Respect the rights of property owners including those that exclude access for personal or cultural reasons and negotiate access to waters rather than trespass.
- Participate where possible in scientific, educational and community programs that benefit the fishery or recreational anglers.
- Fish taken should be killed quickly and should be prepared and preserved in such a manner as to minimise spoilage and waste. Where a fish is not wanted it should be returned in such a manner as maximises its chances of survival. Wanton destruction of undesired species is unacceptable. Limit your catch – not catch your limit.
