NQ State Champs results good for Cardwell

In lieu of our usual monthly fishing competition we competed in the ANSA NQ State Championships. With seven clubs competing CSC should feel proud of its achievements both as a club and from the effort of individual members. CSC is now third in the open section of Champion Club with one point behind Hinchinbrook and only 14 points behind the club leader, Bundaberg. This is a great effort considering the size of our club and the fact that we are competing with major city clubs like Bundaberg, Cairns and Townsville. Hinchinbrook won champion club with 580 points in the 'light section'. Well done to them! Also of note was individual club members, Ian Walters, who came third in the open champion angler with points of

600, so narrowly missing out behind the leader, Ken Johnson, with 630 points. A bit further down the board but no less impressive are, me (7th place) Warren Evennett (8th), followed by Terry Duncan and Dave Hickey (10th and 11th respectively). Cameron Gardiner is in 15th place with 261 points. Excellence for female club members was achieved by Colleen Evennett who came fifth in the champion angler (open). Colleen was also awarded an extra 'e' to her surname :) and the meritorious capture in the open section for a fingermark measuring 72.5cm. Nice fish Col!! Colleen also came third in the trophy fish section (open female). In the trophy fish section we did pretty good on light gear with yours truly coming in 6th and in the open section Ian Walters was in 4th, myself 5th, Cameron Gardiner 6th, Warren Evennett 9th, Dave Hickey 13th and Terry Duncan 15th. Well done to everyone who competed. Don't forget you don't have to be competing to add points to your own tally or the clubs. You just have to measure your fish on a bragg mat or appropriate device, take a photo with a time and date stamp and forward to:
warren.evennett@gmail.com

Happy fishing. See you at Tinaroo.

Chris Stoter - President

JUNE
1-3

LAKE TINAROO GETAWAY

Join the Cardwell Sportfishing Club for a weekend of fun and frivolity at the Lakeside Motor Inn & Caravan Park - Lake Tinaroo, Yungaburra. For accommodation options please visit their website:

[Lakeside Motor Inn & Caravan Park - Lake Tinaroo Yungaburra](#)

JUNE FISHING COMP

Some club members will be fishing the lake at Tinaroo for the next months competition and captures/releases must be photographed and emailed to Warren Evennett warren.evennett@gmail.com Join us for what we hope will be a weekend of fun for the whole family.

MEMBERSHIP FEES

From 1st July 2018 our annual fees will be as follows:

- Single senior membership \$30
- Family membership \$45

Please note that we are still subsidising our members fees to the Australian National Sportfishing Association (ANSA) which provides our members with liability insurance while they are out on the water. Membership forms can be downloaded from our [website](#).

WIN \$1,000 IN THE PINK TAG PROGRAM

We will soon be getting onboard with the ANSA Pink Tag Program and we will let members know when this is finalised and tags are available. In the meantime you can still enter the draw to win a \$1,000 gift voucher from Motackle, the sponsors for the ANSA Qld Pink Tag Program. This is a promotional activity designed to encourage reporting of recaptured fish sporting pink ANSA QLD tags. Thousands of hours of our member's time is spent tagging fish every year and thousands of dollars are spent on tags. By offering an incentive to the general public for reporting, ANSA aims to increase the reporting of recaptures and raise awareness of the pink fish tagging program in Queensland. Entering is simple – once you have recaptured a fish with a pink tag. Take a

photo of the fish with the pink tag clearly visible (either on a brag mat or with the angler). Submit your photo of the fish capture using the ANSA [online form](#) along with all the details, including the tag number, length and location of recapture. It's being called the Lazy Grander for a good reason because the winner gets a \$1,000 fishing gear voucher from sponsor Motackle. Fish need to be recaptured and details submitted before 31st August 2018. All recaptures already submitted that meet the above requirements will also be entered. The random draw will be announced at the ANSA QLD Bundy Sportfishing Festival in September. The competition is open to anyone who correctly submits a pink tag recapture as per above. How you catch it and whether you release it or keep it does not exclude you. Check out the great range of fishing gear at Motackle by visiting their website. <https://www.motackle.com.au/>

ANSA Code of Ethics

- Obey and respect the local regulations and conventions that govern fishing in your chosen area.
- Purposefully conduct yourself in a manner such as to minimise any negative impacts on the environment. Being mindful of anchoring and speed restrictions is as important as preventing littering, pollution and habitat destruction.
- The fish's environment should be protected as well as the fish. Do not indulge in littering, in particular with discarded tackle. Disposal of offal and unwanted bait should be undertaken in a manner that is both environmentally sound and publicly acceptable.
- Respect the rights and interests of others especially other anglers and commercial fishers who are legally participating in the fishery.
- Respect the rights of property owners including those that exclude access for personal or cultural reasons and negotiate access to waters rather than trespass.
- Participate where possible in scientific, educational and community programs that benefit the fishery or recreational anglers.
- Fish taken should be killed quickly and should be prepared and preserved in such a manner as to minimise spoilage and waste. Where a fish is not wanted it should be returned in such a manner as maximises its chances of survival. Wanton destruction of undesired species is unacceptable. Limit your catch – not catch your limit.
